The Unity Festival comes with multiple security layers, including hired personnel with law enforcement background, the V.I. Police Department and the V.I. Port Authority Police. Law enforcement will also secure the waterway entrance of the port. The festival is being held at the Crown Bay facility where ships dock, and it will be completely fenced. The fence will also be shaded black to block outside view. St. Thomas Rescue will be on location with personnel, two ambulances and other emergency response vehicle and team members.

Beverages will be sold at the event, with multiple bars setup to accommodate patrons with ease. Food will also be on sale, with select vendors to provide a variety of food options.

Garbage bins will be placed throughout the facility, and patrons are encouraged to dispose of garbage responsibly. Patrons are also encouraged to keep their drink cups until the end of the
