Submissions are now open worldwide for BEAST GAMES Season 3, an international competition seeking participants from across the globe who are willing to compete on a global stage for a chance to win a \$5 million USD prize.

The call for submissions is open to individuals who believe they have what it takes to represent their country and compete internationally in what organizers describe as a high-profile, multi-

country competition. Interested applicants can submit their entry through beastgames.com/compete.

According to the submission guidelines, participants must meet a series of eligibility requirements to be considered for BEAST GAMES Season 3. Applicants must be 18 years of age or older at the time of submission and must hold a valid passport that remains valid through January 2027.

Applicants must also be legally able to travel to and re-enter multiple countries, including the United States, United Kingdom, Italy, France, Monaco, South Africa, Qatar, Saudi Arabia, Panama, Fiji, the United Arab Emirates, Japan, Mexico, and Canada, from any foreign country. In addition, applicants must have any required visas or travel waivers necessary to legally compete in BEAST GAMES in the United States or abroad in the listed countries.

Eligibility to receive prize winnings is also required, meaning applicants must be legally permitted to accept prize money in their country of residence or citizenship.

Time availability is a key requirement for those selected to compete. Applicants must be free of all obligations and able to travel internationally for up to six consecutive weeks between April and July 2026, though organizers note that dates are subject to change. For reasons related to contest secrecy and integrity, competitors must remain free from any personal, family, or work obligations for the entire duration of the competition and without interference or interruption of any kind.

Certain restrictions also apply. Applicants must not be a current candidate for public office, must not intend to run for public office, and must not plan to seek public office within one year as of July 1, 2026.

In addition, individuals who are currently employed by, or closely connected to, anyone involved in the creation, production, administration, or judging of BEAST GAMES — or anyone working on the MrBeast YouTube channel — are not eligible to participate.

Organizers describe BEAST GAMES Season 3 as a worldwide search for exceptional individuals willing to compete internationally while carrying their country's name, with the opportunity to make history and compete for a life-changing cash prize.

Applications are currently being accepted online, with additional details available at beastgames.com/compete.
