The Henry E. Rohlsen Airport on St. Croix and the Cyril E. King Airport on St. Thomas are open and operating on normal schedules.

The *VI Consortium* spoke with Monifa Marrero, public information officer for the Virgin Islands Port Authority, who confirmed Tuesday's airport operations.

According to one airport official, there have been some flight cancellations to the territory, largely due to inclement weather in certain U.S. states. Thus, Marrero urged travelers to contact airlines directly for the most current flight information, as individual flight information is not provided by the Virgin Islands Port Authority.
