ST. CROIX -- Governor Kenneth Mapp will host an Ask Me Anything (AMA) session live on WDHP, 1620 A.M. radio on Tuesday, for 90 minutes starting at 2:00 p.m.

The session takes place on popular radio personality Mario Moorehead's talk show, and is expected to be informative as members of the community take turns to relay their concerns about the territory to the governor.

The AMA follows a meeting between the governor, his executive branch and senators of the 31st Legislature, along with Delegate to Congress Stacey Plaskett, held at Government House in Christiansted on Monday. There, according to Senator Kurt Vialet,

a myriad of issues were discussed -- from the budget deficit, HOVENSA, the need to restructure certain government agencies and other pertinent issues.

According to Government House Communications Director Kimberly Jones, the AMA is one of many to be held where the community gets to interact with its leader directly.
