ST. CROIX -- Ten years after he was gunned down execution style, the family of the late Prominent BVI Attorney Kendoy Penn would hold a remembrance, titled: '10 Years After' to commemorate the anniversary of his passing.

Penn's family said the event will take place at Aritha Maloney Humphrey's residence in East End, Tortola on Saturday, September 19th from 4:30 p.m. – 5: 30 p.m.

Kendoy was shot several times in his vehicle in the vicinity of his home in Old Plantation, East End on Sunday, September 19, 2005.

He succumbed to his injuries on September 22, 2005.

Penn's murder is a cold case to this day as law enforcement authorities have been a unable to pin anyone to the crime. It was said about two years ago that lawmen made progress with the case, but nothing has come of it since.

The prominent lawyer had high hopes of appearing before the European Court of Justice and to later lead the Virgin Islands as Chief Minister, as it was known then.
