It's festival time in St. John, with one of the main highlights being the Village. St. John organizers have traditionally put on remarkable shows, and this year's lineup appears to be no different.

Some headliners include [Kerwin Duboi](#) and [Rock City](#), both of whom will be performing on Friday night. Express Band and Destra takeover Saturday night; Shurwayne Wynchester and Triple Kay will dominate Sunday night; while Cool Sessions Brass and Kross Fyah aim to bring *heat* to the Village at closing on Monday.
