Watch: Coast Guard And Limetree Bay Conduct Mock Oil Spill Drill

Videos / **Published On August 11, 2017 09:23 PM /**

Staff **August 11, 2017**

The United States Coast Guard led an environmental response drill at the Limetree Bay Terminals on Friday. We got up close and personal with the officials involved, had a close look at the deployment of a boom to contain a mock oil spill, and took a tour of the drill's command center inside Limetree Bay Terminals. Watch.
