The Department of Licensing and Consumer Affairs (D.L.C.A.) has made available a list of construction contractors that it says are licensed to do business in the USVI. The list, which includes 315 contractors, was made available to the media [as part of a joint effort](#) between D.L.C.A., the Division of Banking and Insurance, which falls under the Office of the Lieutenant Governor, and the Department of Planning and Natural Resources, to make available detailed information on the insurance claims process, which has been thrust to the fore following Hurricanes Irma and Maria.
