Governor Kenneth Mapp announced a major project on Wednesday evening that is expected to help about 12,000 homeowners in the territory, with an average of \$25,000 in construction work being spent on each approved home. Called the Emergency Home Repairs V.I. Project, the program, federally-funded, is being spearheaded by the Government of the Virgin Islands through the V.I. Housing Finance Authority. Read the story [here](#). Watch the video below or on our [Facebook platform](#). (Start watching at the 8-minute, 58-second mark.) Above, Mr. Mapp and William Vogel, FEMA federal coordinating officer, at Wednesday's press briefing.
