ST. CROIX -- During a press conference held at the UVI Research Center on the St. Croix campus, the Agriculture and Food Fair Board of Directors, which governs the annual Agricultural Fair, announced the new dates for the 2018 event as May 26-28, which is also the Memorial Day weekend.

The announcement will please ardent fans of the yearly, three-day affair, who were disappointed when D.O.A. said the 2018 event would be canceled this year.
