Pressure Busspipe, the ubiquitous Virgin Islands artist best known for his mega hit "Virgin Islands Nice", and whose debut to the Soca scene this year with "Do It and Done" landed him a Road March win in St. Thomas, will join Ernice Gilbert for a new episode of Interviews and Drinks, a freewheeling show where Virgin Islands artists speak their minds freely and, if they're in the mood, may even drop a performance.

Also coming to the show is Kruziano, a Virgin Islands artist who recently exploded onto the scene.

Both artists are being interviewed ahead of a Mother's Day event they're scheduled to headline on Saturday night at the Starlight Lounge, Bar and Nightclub. The event also features Supa Tracks, D.J. Karl and Selecta Kuff, and Big Kyat Sounds.

Join us tonight beginning at 8:00 p.m.
