The Virgin Islands will play Montserrat today in the Dominican Republic and El Salvador on Saturday on St. Croix in its final two, first-round Group A CONCACAF World Cup Qualifiers. The USVI team will most likely need to win both matches and have the right combination of results in the other Group A games to advance to the next round of qualification.

Going into the final two matches, the Virgin Islands sits at the bottom of the Group A table. El Salvador and Antigua and Barbuda are tied for first place with 4 points each; Grenada is in third with 3 points, and Montserrat is in fourth place with two points. Teams receive three points for a win and one point for a draw in the standings.

The Montserrat v. USVI game will take place at 5:00 p.m.

On Friday, Antigua and Barbuda will play Grenada, and on June 8th Antigua and Barbuda will play El Salvador, while Grenada will play Montserrat in the final games of Group A.

Only the team in first place of each group will advance to the next round of qualifying. The winning team of Group A will play the winner of Group F in a two-legged series with the winner advancing to the final round of regional qualifying.
