Veterans Drive, St. Thomas By. THE V.I. DEPT. OF PUBLIC WORKS

ST. THOMAS — The V.I. Dept. of Public Works is advising St. Thomas residents that vehicular traffic on Veterans Drive will be switched from the westbound lanes and onto the recently completed eastbound lanes this Saturday, Nov. 6.

American Bridge Company will complete the remainder of the temporary striping on the eastbound lanes early Saturday to allow for this switch, according to the notice. The lane switch will allow road crews to begin the final surface course layer on the westbound lanes.

The project is expected to be completed by December. Motorists and pedestrians are urged to traverse this area with caution. The Department of Public Works said it appreciates the community's patience as they work to improve road conditions throughout the territory.
