Jean Greaux, head of corporate communications for the USVI's Water and Power Authority, has been found dead, according to sources with first-hand knowledge of the incident.

Consortium journalists have learned that Mr. Greaux reportedly was the victim of a successful suicide attempt. His body was found at approximately 5:20 p.m., in his vehicle which was parked in the yard outside his house.

Prior to his position at WAPA, Greaux held the post of Communications Director with the administration of former governor John Percy De Jongh administration, where he served for eight years.
